

'All of the performance, non of the toxic legacy'

The **Mighty Cool MCe3.0 and MCe4.0** are the latest units in our environmentally conscientious range of powerful, portable air conditioning units.

Hot on the heels of our pioneering use of low GWP refrigerants, the latest additions to the **Mighty Cool** range represent the next stage in the environmental evolution of portable air conditioning by introducing all natural refrigerants instead of 'forever chemical' traditional refrigerants.

All rugged steel construction and easy to use controls are ideally suited to the hire industry.

- ✓ PFAS Free Refrigerant
- ✓ All Steel Construction
- ✓ High Volume Airflow
- ✓ Large Cooling Duty
- ✓ Digital Control
- ✓ Lockable Castors
- ✓ Ducting Included
- ✓ Large 7L Condensate Tank
- ✓ Washable Filters
